This townhouse is the perfect definition of an ideal home to enjoy the sun and views. This is how this beautiful house with approx. 140 m² house and approx. 83 m² sunny terrace with panoramic views of the valley and the mountains can be described. The southeast orientation guarantees sun all year round and the pool completes the overall package. The house is divided into ground floor, middle and first floor. On the ground floor we find the open kitchen, the dining room, the living room and a guest toilet. From the front door you can already see the garden, the pool and the mountains in the background, which gives the property a feeling of spaciousness. The first floor has two bedrooms and a bathroom, and the upper floor is crowned by a large bedroom with ensuite bathroom and a private terrace from which to enjoy the impressive views. The house was built with high quality materials and is ready to move into. Located in the idyllic UNESCO-protected town of Fornalutx, it has retained the style and character of the area's oldest houses, such as the stone facade or the Arabic brickwork. The house is located in a small residential complex with four lots and offers a lot of rest. Perfect both for the whole year and for holidays.
