Port de Sóller is a charming port town surrounded by the high Tramuntana mountains in the west of the island. The route to the town via the mountain road is scenic, although the tunnel is faster. Another interesting way to reach the town is via the historic railway, which has connected Port de Sóller with Palma de Mallorca since 1912. Port de Sóller is a natural bay and offers two child-friendly beaches, exquisite restaurants, shops and boutiques. The atmosphere is calm and relaxed. A wonderful place to relax. This apartment for sale is located in an apartment building with only 12 units in a privileged location in Es Traves in Port de Sóller. You park comfortably in front of the house and take the elevator to the 3rd floor. From the terrace, the living room and the two bedrooms there is a fantastic view over the entire harbor and the open sea. The building is around 25 years old and the apartment is in its original condition. Since it is a corner apartment with a southwest orientation, the apartment is very bright and friendly.
